***To Date:** The *TESE* renewal cycle is an anytime start cycle. There are some 2005 subscribers who have not renewed for 2006 because they are not due for renewal. Review of past deposit reports shows more than 50 subscribers who will receive renewal notices between March and June. Based on this information, it is not an appropriate assumption to think that *TESE* is down 50 subscribers from 2005 to 2006. It is a timing issue. Had figures been reviewed in December, we would have been really disappointed with 2006 subscriptions since a large number of subscribers have January start dates.
